The German Nationals 2011 will be held under the following regulations:

- all competitions will be offered 'open'
- we will use the German NPC point system for all field events, in track events we will use in youth classes also a point system (calculation against world record)
- there will be differences for standing / sitting and tetra / para athletes
- if 6 men or women / 5 youth athletes of one start class are present, this class will be separated
- for all other athletes, we try to combine the groups (if possible)
 - o not more than 15 athletes in one group
 - o in track events combination according to the current WR
 - o in throwing events according to the implement weight
 - o for long and high based on the decision of the competition manager
- only for the 100m heats and finals will be offered, all other track events will be time heats. If there are not enough athletes at the 100m for heats, there will be only the final at the shown (final) time

Please be careful if you have athletes belonging to the youth classes, where you want to enter them (youth or adults) and show it clearly on the entry papers.

The attached schedule is provisional. We will check and correct the schedule as soon as possible, but there might be also late changes. Please listen to the announcer or/and check the papers on the information wall.
